P. Moses

I have not forgotten thy request to save a few Grape Vine cuttings for thee. I have tied 20 in a bundle and laid it in the cellar of the Deacon's shop, at the left hand of the door near a box of Blackberry plants. I hope the cuttings will be found safe, and would advise that they be buried in damp sack in the cellar until Spring, if they are not sent away. Hoping to find thee at home and well when I next visit N Lebanon. I remain

truly thy friend

Rob. Whiteford
