Hymns

Commemoration of the Birth of Christ.

1. This day of december, we meet to remember
Our blessed redeemer's appearing on earth
With thankful contrition, we honor his mission
While antichrist's kingdom is full of vain mirth
Christ's manifestation in that dispensation
Has such a relation to this present day
The commemoration gives much consolation
To those who are walking the strait narrow way.
2. Ordained to inherit that power of the spirit
Which searches the nature and depth of man's fall
His low humble station taught humiliation
Being born of a virgin and in a mean stall
Yet while the young stranger lay hid in a manger
The armies of heaven their music employ
And in a bright vision, proclaimed his mission
Which filled the good shepherds with heavenly joy
3. On this blessed morning, the shepherds returning
Did wisely reveal the glad tidings to some
That thro' special favor they'd heard of the savior
And lo! the expected Messiah was come
The daily additions of heavenly visions
Made all the hill country with gladness resound
Till John his forerunner, obtained the honor
To tell the whole world that the savior was found
4. With wisdom anointed, he then was appointed
The head of the serpent completely to bruise
God sent him to level the works of the devil
And bring down the pride of both gentiles and Jews

4. Himself he abased for which he was raised
Where no flesh before him could ever arise
And gave demonstration of that great salvation
Which always was hid from the prudent & wise.
5. He taught something greater than living in nature
And showed that in order to be born again
The flesh must be hated, The soul new created
And from every act of uncleanness abstain
He plainly declared no lust could be spared
In those who the Kingdom of heaven would see
That regeneration and sanctification
With the flesh copulation could never agree.
6. The Kingdom of heaven as secret as heaven
Began to imbitter that long hidden lust
While miracles sealed all that was revealed
To prove that man's nature was wholly unjust
Thro' this revelation the human creation
In their generation seem'd worse than the beasts
But in their pointed plainness about their unclean-
ness was truly provoking to people and priests.
7. Though deeply disguised their teachers despised
A life so devoted to virtue and truth
The rise with ambition and slight his commission
And cast their contempt on this virtuous youth
They feign'd to be grieved that souls were deceived
Yet many believed and shouted for joy
While those of high station were filled with vexation
And seeking occasion his life to destroy.
8. A false hearted creature at length turning traitor
Betray'd and deliver'd him into their hand
And truly 'twas shocking the scourging & mocking
He quickly received from this blood thirsty band
The hypocrites bellow'd away with this fellow
He says he is Christ and can live without sin
From every deceiver, the cry was "Blasphemer"
Till reason was drown'd in their horrible din.

9 To sufferings inured his patience endured 3
All kinds of abuse that their rage could bestow
Till the inquisition received permission
With their lawless hammers to give the last blow
His blood tho' the spilled yet God was not killed
And virtue and truth they could never dispel
But full retribution for such persecution
Must meet them in judgment and doom them to hell.

10 All souls are depraved and such as are saved
Must come to the light of this bright morning star
And what he denied and still crucified
Has now to be tried at an impartial bar
And each sin forsaker tho' call'd a mean shaker
Shall be a partaker of all his bright gain
While in the flesh mong' these bonds become stronger
By which he's bound over to torment and pain

11 Since Mother appeared Christ's name is revered
Beyond what was ever conceived before
And souls can now gather to their blessed Father
And his bright example forever adore
Then sister and brother let's love one another
And Father and Mother in all things obey
Thus faithfully living a life of thanksgiving
We'll wisely improve this great festival day.

Heavenly City No 2

- 1 Lo Christ has appeared in bright glory divine
To establish his kingdom on earth
The heavenly city with beauty doth shine
'Tis filled with thanksgiving and mirth
The seventh loud trumpet the angel does sound
The dead from their slumbers awake
While the bright throne of God all the saints do surround
The earth and the heavens do shake
- 2 All souls must appear at the great judgment seat
The seas shall now give up their dead
The judgment of heaven the wicked must meet
Where ever for refuge they've fled
For then righteous deliver the work hast begun
The power of death to subdue and done
The mystery of God will be finished and done
And all things created anew.

Celestial Fountain

1. Come good angels gather round us
While with grateful hearts we sing
Heavenly blessings which surround us
Praise and bless our glorious King
Here his hand the vine hath planted
Lo the branches spread and grow
Joys of heaven to us are granted
Where celestial fountains flow.
2. Here we gain divine protection
All the powers of earth defeat
Where no sinful vile affection
Ere can stain the golden street
Here the light of heaven is shining
Clear as the meridian day
Golden cords of love entwining
Every heart that does obey
3. Here is love that cannot fail us
For it binds our souls in one
Though afflictions may assail us
Still the joyful race we run
For we know the prize is ours
Mothers children will be crown'd
Heavenly gifts descend like showers
Sweetly flowing all around
4. Praise the Lord with loud thanksgiving
Praise his name with heart and voice
Praise his name among the living
Praise his name rejoice rejoice
Holy angels give him glory
Saints with joy resound the same
Loudly singing holy holy
Holy holy is this holy name.

Ark of Safety No 4

1. For souls there is a refuge In that tremendous day
When the last burning deluge Shall sweep the world away
To gain this great salvation With all its peace and joy
We embark in the ark That no deluge can destroy.
2. The ancient Jewish temple Did clearly typify
The glory of this mansion That's built by the Most High
She's call'd the holy City And anxious for her joy
We embark in the ark That no deluge can destroy.
3. Her walls are all salvation And all her gates are praise
This is the new Creation Foretold in ancient days
Let sinners be awaken'd Renounce their carnal joy
And embark in the ark That no deluge can destroy.
4. A pure and pleasant river Does through the city move.
Whose fountains flow forever With living streams of love
As those transparent waters Give life and endless joy
We'll embark in this ark That no deluge can destroy.
5. Array'd in heavenly order A host of angels bright
Appointed by the Father To guard her day and night
To join their sacred music And live in love and joy
We embark in the ark That no deluge can destroy.
6. No antichristian artist Can imitate the plan
To counterfeit her likeness Outries the art of man
No treacherous vile deceiver Can taste her love or joy
Nor embark in the ark Which no deluge can destroy.
7. Though hell's combined forces Should all as one engage
And all the powers of darkness Should vent their horrid rage
The founder of mount Zion Will all their plots amoy
O! embark in that ark Which all hell cannot destroy.
8. Our earthly part dissolving Returns to dust again
And then to God will center The soul that hates all sin
And launching in the ocean Of everlasting joy
Safe embark in that ark Which no deluge can destroy.

I'm a free volunteer I have listed under the banner of
Christ And I'm no more a slave unto sin And
I'm no more a slave unto sin And I will not
retreat And I will not retreat For I'm no more a
slave unto sin.

no 5 Voice of a Parent

1. Come my beloved and hearken to me
For lo! I have brought holy love unto thee
I have come to dwell with you by night and by day
And help you to travel the strait narrow way.
2. So be ye encouraged and go right ahead
By my holy spirit your souls shall be led
I never will leave you to wander alone
If you will keep in the strait path I have shown
3. O press press ye right on
And soon you will enter my holy kingdom
Yea the waters of life and my blessing shall be
Your meat and your drink in eternity.
4. My work shall not cease that I have begun
Till the warfare is over and the victory is won
Yea I will lead safely my children on earth
And guide them along to the mansions of mirth
5. My work it is swift and my path it is sure
And if you will ever forever endure
I'll give you a home and my flock you shall be
Yea I will bless you with a free blessing free.
6. But do dear children remember your day
Your calling is holy O do not delay
I'll ever be with you if this you will prize
And give you a crown that's laid up for the wise.

Zions Army no 6.

1. Come gird on your armor ye children of Zion
And bid all that's evil a final adieu
The promise of God you may safely rely on
For he who has promised is faithful and true

And all who will conquer their own fallen nature
And that evil seed which the enemy's sown
Will stand in relation to God their Creator
And sit down with Christ on his heavenly throne

2. Our souls are delighted with this cheering promise
We're ready to march at the word of Command
Our armor and weapons no one can take from us
If we in true order and purity stand
Adieu then forever to all that is carnal
Our own sinful lives we will freely lay down
To fight the good fight and obtain life eternal
And be rightful heirs to a heavenly crown.

3. Let all who set out for the Kingdom of heaven
Now boldly come up to the help of the Lord
What greater encouragement could have been given
Than what is recorded in his holy word
A highway is cast up and faithfully cleared
That Zion in order may safely proceed
The bulwarks are strong & the standard is reared
We see the fulfilment of what was decreed.

4. O Zion arise thy redeemer will bless thee
Be glad for Jehovah delighteth in thee
Fear no persecutors nor those who oppress thee
For surely their sons will come bending to thee
For God hath declared that all who despise thee
Shall bow themselves down at the soles of thy feet
The Lord is thy refuge and let it suffice thee
With heart felt devotion his praise to repeat.

5. Break forth into singing with sweet animation
Let innocent virgins rejoice in the dance
Sound forth the glad tidings of final salvation
As we to the mansions of glory advance
Fear not little flock 'tis your Father's good pleasure
To give you the Kingdom for which you contend
And make you joint heirs to a heavenly treasure
If you stand unshaken & firm to the end.

107 Bright Gospel Day

1. This is the last bright gospel day
 Which Prophets have foretold
 Christ has again on earth appeared
 And we this light behold
 He's come to purge our sins away
 His voice in love we hear
 Repent repent the Spirit cries
 Bow low in Godly fear.
2. For Lo I come with a rich store
 Of love and blessing too
 And freely will I give to those
 Who seek my power to know
 My work is swift my word is sure
 None can before me stand
 But those who will the fire endure
 A pure and spotless band
3. None but the honest will I bless
 Who seek to know my will
 And by their works of righteousness
 My holy laws fulfill
 From them my judgment's shall be stay'd
 Which on the wicked roll
 My mercy freely shall descend
 Upon the humble soul.
4. In robes of innocence arrayed
 Their cries to me I hear
 They shall rejoice in me their God
 In mansions bright and fair
 Where free from sin and death's control
 Their praises shall ascend
 To him who has redeemed their souls
 Their Father and their Friend.

1788 The Retreat 9

- 1 Time is like a bubble floating on the maine
Puffed with joy or trouble bursts and forms again
On high waves a fleeting takes its windy race
Down tis next retreating takes the lowest place.
- 2 So in all my motions tossing up and down
Puffed with various notions how I'll win the crown
Time must still be fleeting rifles all my plans
Half the time retreating not one notions stands.
- 3 Time is always changing never standing still
I am always ranging right against my will
In a joyful meeting If I fix my stand
Next I am retreating to some distant land.
- 4 O let time forever be removed from me
O eternal Savior take me home to thee
I am sick of fleeting let my days be few
I'll in my last retreating bid old time adieu.

1789 Pure Enjoyments

- taid
- 1 Upon mount Zion lovely height stands the pure and holy
Moving on with sweet delight in Spirit meek & lowly
From earth and its allurements they're travelling far away
Partaking of enjoyments that never will decay.
 - 2 Rejoicing in the work of God While pure fruits they gather
Strengthened with his holy word by which they live forever
And for the light of heaven they cease not to give thanks
But worship in pure union upon these holy banks
 - 3 To follow this bright company is my only pleasure
And leave behind the things of time for this eternal treasure
For all besides is fading all else doth pass away
Then let me be advancing in everlasting day

No. 10 Searching Light

1. The work of God so pure and bright
 Is searching every heart
 And those who will not come to light
 Must with their sins depart
 It is a day of mercy now
 Judgment and righteousness
 Yea every knee has got to bow
 And every tongue confess.

2. The blackest crimes and smallest faults
 Must all appear in sight
 Though deeply hid in Satans vaults
 They must be brought to light
 The soul whose conscience is awake
 Can never be at rest
 Till every sin it does forsake
 And honestly confess.

3. No veil can cover any deed
 That in the dark is done
 The light existing in our lead
 Is brighter than the sun
 Since Christ in Mother did appear
 To form all things anew
 No other judgment we shall fear
 If we are only true.

4. We need not wait in dark suspense
 In dismal doubts and fears
 Until our souls are called hence
 And some great day appears
 Before the judgment seat of heaven
 Our souls are now arraigned
 Yea here our sins can be forgiven
 And mercy be obtained.

No 11 Zions Temple

1. Up to the mount of Zion Gods people do repair
To offer him their praises For his peculiar care
Here stands the second temple Its order is divine
And in this building Power & Wisdom ^{are} combined.
2. To make their supplication The saints of God here meet
Communing with Jehovah From off the mercy seat
And from the golden altar Sweet fumes of incense rise
'Tis here the people offer Their daily sacrifice.
3. The glory of the city The hosts of God admire
Sinners can never enter She's walled about with fire
Her discipline and order The heathens round may hate
But none can gain admittance But thro' the golden gate
4. The temple and the city Securely walled around
And Zions joyful children In peace & love abound
O happy happy Zion The courts by saints are trod
Forever let me dwell in the temple of thy God.

No 12 Shield of Faith

1. O Mother do protect me I earnestly do pray
Do help me O do keep me within the narrow way
Do guide me O do shield me from everything that's wrong
That with thy faithful children my soul can travel on
2. Yea with thy faithful chase O may I numbered be
Let wisdom lovely wisdom be an si le on me
For when the judgments of the Lord sweep heavy thro' ^{the land}
Then O my soul move heavenward O may I firmly stand
3. O do O do kind Mother O do watch over me
That I may be forever And ever owned by thee
O Mother do give unto me Thy holy heavenly love
To strength and to help me While on my way
I move

Crown of Life

1. Come all ye souls that now are found
 Who stand upon this holy ground
 Be pure be holy and be true
 Our Mother she will help you thro'
 Your names are written in my book
 All ye who have the world forsook
 O mother says press on press on
 O do be faithful do be strong.
2. The way of God is clean and pure
 And every soul that will endure
 And steadfast in the work remain
 They will a crown of life obtain
 O come ~~come~~ my children travel on
 And strive the heavenly prize to gain
 Thus in my mansion I will bless
 Your souls with peace and happiness
3. O do increase in thankfulness
 And Mother says each other bless
 This is the way all souls must go
 And in it keep both meek and low
 The precious gifts of God are given
 For strength to help you on to heaven
 O do ye all be faithful now
 While unto you these gifts do flow.
4. For lo the time will surely come
 When souls must reap what they have sown
 And everyone that's faithful been
 They will a heavenly crown obtain
 And now says Mother press ye on
 For soon your work will here be done
 Be faithful in the work of God
 You shall receive your just reward.

14 Farewell all Earthly Glory 13

1. Farewell all earthly glory
I bid you all adieu
Farewell all earthly pleasure
I want no more of you
I want my union grounded
On the eternal Soil
Beyond the power of Satan
Where sin cannot defile.
2. I want my name engraved
Among the righteous found
Crying holy holy Father
And win the glorious crown
For the sake of such pure riches
I am willing to pass through
And every thing that's for me
I'll count it my just due.
3. I am willing to be purged
And bear a daily cross
Until my soul is cleansed
From every kind of dross
I've felt the trying furnace
I've felt its piercing pain
The fruits of it are holy
The gold does still remain.
4. All earthly tribulation
Is but a moment here
And then if we are faithful
A glorious crown we'll wear
We shall be called holy
And feed on Angels food
Rejoicing in bright glory
Before the Throne of God.

15 Vain World

1. Farewell farewell vain world farewell
 I find no rest in thee
 Thy greatest pleasures form a hell
 So dark and sad for me
 Alas Alas I have too long
 Preferred thy sinful crowd
 I listened to your siren song
 While mercy called aloud.
2. Farewell vain world I say once more
 I am bound for Canaan's land
 I see a happy world before
 Prepared at God's right hand
 On life tempestuous sea I sail
 While countless billows roll
 But Christ my pilot will not fail
 With him I trust my soul
3. He can command the roaring tide
 And silence all my foes
 With courage safe by I can ride
 Through every wind that blows
 Then as I daily homeward steer
 Toward the land of peace
 This world does less and less appear
 And all its charms decrease.
4. Though shining millions sailed before
 Who gained the port above
 Found nothing in old babel's store
 That they could prize or love
 The ever lasting glory bright
 Will tarnish all below
 Just as the sun's meridian light
 Forbids the stars to glow.

16 ¹⁶ Journey thro' this World ¹⁵

1. While journeying thro' this world of pain
To our eternal home
We meet with numerous enemies
Which must be overcome
And as our home is far beyond
The fading scenes of time
By faith and prayer to God we look
For help and strength divine.
2. Now everyone that does set out
For this bright world on high
Will find that self and fleshly ease
Has surely got to die
Because the way so narrow grows
The further we proceed
That to advance with such vile stuff
Would be hard times indeed.
3. But if we faithfully deny
Self will and worldly pride
We shall obtain a crown that will
Eternally abide
Since 'tis no harm for us to feel
Submissive meek and mild
Nor is it any sin to be
A simple gospel child.
4. The soul who strives in all their ways
To do exactly right
Will surely find the way of God
Bring comfort day and night
Such are the souls that God will own
And clothe with love divine
And in his heavenly kingdom such
Forevermore will shine.

17 New Years Thoughts

1. O blessed gospel heavenly sound
 In these celestial joys abound
 I'm thankful for my precious call
 For thee I freely give up all
 I often have set out anew
 To take my cross and travel thro'
 More zealously to watch and pray
 And keep within the narrow way.
2. And shall I yield the conquest now
 And to the tyrants scepter bow
 Shall I resign the precious prize
 Nay, I will not be so unwise
 With courage new I now begin
 To fight the enemy within
 Nor will I ever cease the strife
 Until I die the death of life.
3. It surely is within my power
 To be quite perfect one whole hour
 To better one than twenty four
 And just as well two days or four
 And if I'm good three days or four
 Why not as well an hundred more
 And if so long I wisely steer
 Why not be good throughout the year.
4. I know I can be truly good
 And nothing can my rights exclude
 I know I can be perfect too
 In all I think and say and do
 By a continual careful mind
 Which like a watchman ever kind
 Will fill my soul with Godly fear
 And teach me when there's danger near.
5. Ye sacred powers of faith and hope
 Keep my feeble spirit up
 Let me in true perfection shine
 With living saints in joys divine
 O thou pure love come fill my soul
 And all my goings forth control
 Be thou my guide in every case
 And clothe my spirit with thy grace.
6. Thow sweet humiliation come
 And make with me thy constant home
 Let me not walk in haughtiness

 Join in the song ye virgin souls For this great burning day
 While the old heavens away shall roll And earth no longer stay

43 Zion Shall be Pure

29

- How dissatisfaction will roll thro' the mind of those who are lovers of sin
True happiness for them was ~~not~~ designed their judgment all length must
How long shall the wicked abide with the just Heaven tho' slow shall it be
Shall Zion like Israel with Achan be cursed and reverie wholly made free
- Shall those who continue to do their own will And give their profession the lie
Soon a lost nation of lust to fulfil And all righteous counsel defy
Shall those vile offenders continue secure The day is advancing along
To try who are honest enough to reduce the work of a glorified thron
- By the laws of mount Zion the wicked shall flee to some other region or
For they and the righteous can never agree While burning the ^{pure} place
As chaff by the fan from the wheat must be down to wickedness all ^{of the} race
Before the true God or his Christ they have known Who dwell in ^{the} ⁱⁿ the simulating heart
- But those who are loyal to Zion's great King For their independence may stand
Of soul undefiled a conscience that is clean Will ornament heavens pure bands
Then lift up your heads ye afflicted to say the order of God is my shield
So in the pure order of Zion I'll stay To no other order I'll yield
- My conscience shall witness I never will stray My path shall
That I am determined to keep in the way For where is to whom shall I go
In Zion are treasuries which flow in high streams Here union & justice rise
Then why should I hearken to Satans base dreams Which are but deception they
- The world is a scene of destruction & woe And all its amusements are vain
Then why should I stop to enjoyments so low Which end in affliction & pain
The way to Mount Zion is certain & sure 'Tis guarded by Angels with care
And those who are faithful to keep themselves pure Will find an ^{inheritance} there

44 Soldiers of Christ

- The King of kings & Lord of hosts Has blown his trumpet in our courts
And round his standard now appears A valiant band of volunteers
Their loins are girt their feet are shod with the merryming truth of God
And by the truth they now begin to overthrow the man of sin
- Against the foe they now advance Each with his bow & glittering lance
And tho' they're friends to all mankind They crucify a carnal mind
They spare no idol great nor small But pass one sentence on them
And cut & slash on every hand To purge all evil from the land. | all
- They're well equipt with gospel arms And make no peace on any terms
Nor with the flesh will stand to treat But strike at every lust they meet
The will admit no vain excuse To let one vile affection loose
But bind the captive fast in chains While one flesh pleasing tie ^{remains}
- Now every soul that would do right Is welcome to enlist & fight
These weapons of victorious truth are for the aged & the youth
To soul of man does God exclude from hating sin & doing good
And in such souls we do maintain The God of truth will ever
- While living truth like burning coals Is purging evil from our
We know we are in him that is true And what he says we freely do
The empire of eternal bliss Has its foundation laid in this
And all who gain this holy ground With everlasting life are crown'd

Through the ranks of vast creation Nothing can be deaf or dumb
All must give their approbation That the Lay of God is come
3. While his last loud call he utters Nature can no more be still
All creation moves and flutters In obedience to his will
When his power is to be proved To convince the stupid soul
If he says, "O earth be moved So it rocks from pole to pole"
4. While the judgment is advancing Satans Kingdom to destroy
Fields & forests fall to dancing Dwelling houses crack for joy
Rivers heave and swell like Jordan Waters fowls ascend the air
Soon this earth shall loose her burden All creation do declare
5. God will shake this old creation Rocks and mountains overturn
Till the world with consternation Till the way of truth they learn
Those who will not be restored Link to their respective hell
But our God shall be adored In his temple where he dwells

72 Micah's Prophecy

12
41

1. Established in the latter days On Mountains of eternal praise
Shall be the house which God will raise By Judah's holy Lion
And many nations there shall come the lame & blind the deaf & dumb
shall find an everlasting home. And praise the Lord in Zion
2. From Zion shall go forth a law And God shall smite the world with awe
And many people he will draw but his holy mountain
there Zion slaugthens shall arise And teach the nations to be wise
And purge away their host of lies And wash them in her fountain
3. Then mighty men shall fear the Lord And nations tremble at his word
And beat in pieces spear & sword And consecrate their treasures
Then war's destructive work shall cease The earth shall yield alchivment
And many prosper in peace And quit their carnal pleasures.
4. I was thus the ancient prophet singing While inspiration moved his tongue
And while by faith his harp was strung The future things declared
But how much nobler is the song which to the Lamb God belongs
When that which was foretold so long in substance has appeared.
5. What hill or mountain is so high As those who do themselves deny
They stand Confessed to every eye As God's true habitations
Hence he will let all nations know that to his church they all must go
And bow themselves exceeding low if they would find a salvation.
6. The first dominion of the Son In self-denying work begun
But equal victory must be won By Zion's lovely daughter
The male and female now unite which brings the Kingdom to its
And woman must her battle fight Just as her Lord has taught her
7. Arise & thresh is her Command And break in pieces every bond
Till in the gospel she can stand A pure and spotless creature
Her iron horn and brazen hoof Upon the flesh comes true, rough
This makes the sons of pleasure smuff No wonder that the hater.
8. But let from her the law proceed Which shows itself in righteous deeds
And into peace and union leads And everything that is harassing
Where this pure Law of Zion rules The warriors courage soon it
Converts his bloody warlike tools To instruments of farming tools
9. Here is the tower of the flock Built on an everlasting rock
And nature now must feel the shock When souls do here assemble
While into this strong hold they flee Where all is peace & harmony
The rocking earth and boiling sea Make feighted mortals
10. How glorious is this Mount of God Beyond the reach of every flood
And while destruction rages abroad How safe is the believer
This lovely new Jerusalem All other buildings will condemn
And in mount Zion over them The Lord will reign forever.

73 Lambs Revelation

1. In the Lambs first revelation Though he sought from east to west
He could find no habitation No abiding place of rest
Father of the new creation Once on earth he suffered pain
Now he comes to take possession Now the beast has ^{lost} his ^{reign}
2. O thou righteously Spirit He that gave creation birth
Shall he not his right inherit Shall he not possess the earth
Now he's come to reign forever Now he has the kingdom won
On mount Zion stands the Savior There the gathering is begun
3. On this mount his throne is fixed Elders seated all around
Living souls with angels mixed Join their harps with solemn sounds
Now they sing complete redemption Now the solemn song is new
Mortals cease your vain contention Let the heavenly music thro'
4. Children of the Resurrection Virgin souls with Christ arose
Under his divine protection Follow him wherever he goes
Moving in their ranks before us Things immortal they discern
These can join the heavenly chorum None but such the song can learn
5. First of all the new creation Fruit of Gods eternal plan
Here he finds a habitation Here he can come with man
On their face his name is engraved In their mouth is found no
These from every lust are saved These do not themselves (guile
(defile)
6. You that are defiled with women You that love the darling sin
Cast away your filthy dreaming Let the King of glory in
While you live in carnal pleasure Your profession is but a sham
Virgins have the gospel treasure None but such are with the Lamb
7. Like the sound of many waters Sacred truth begins to flow
Adam's guilty sons & daughters How they're tossing to and fro
Nature's pained to her center Yearning with the second birth
Everlasting gospel enters Chase the dragon from the earth
8. Voice of truth roars on like thunder O ye forked lightnings play
Rent the veil of flesh asunder Scatter the world in ruin decay
Alleluia Alleluia Let the devil's kingdom fall
Alleluia Alleluia Christ shall soon be all in all.

74 Remember Me

1. Remember me while here I stay A pilgrim and a stranger
Remember me from day to day Who always am in danger
Remember me in deep distress In trials and temptations
Remember me and give me rest And crown me with salvation
2. Remember me when troubles roll And sorrow without measure
Remember me and fill my soul With heavenly joy & pleasure
Remember me in trying scenes And in each joyful hour
Remember me and let me lean upon thy holy power
3. Remember me when life grows dim And your thud days are past
Remember me and let my theme Be all for the most blessed
Remember me O Lord at last When here my days are ended
Remember me may I be blest By all my joyful kindred

75. Path of Sorrow

1. Rise my soul for inspiration
 Make the solemn song for thee
 O prepare for tribulation
 This thy certain lot shall be
 God has promised no exemption
 All his children must be tried
 All who share the great redemption
 Purchased by the Lamb & Bride.
2. Think ye not the way is rougher
 Than when Jesus sweetly bore
 Think what Mother had to suffer
 What her faithful followers bore
 On the cross behold him languish
 While a scoffing world surround
 Think of Mother's bitter anguish
 In her icy prison bound.
3. Truly blessings then were given
 Angels did their hearts sustain
 While the dreadful wrath of heaven
 Oft descended like the rain
 When the grief thy soul depresses
 Rolling o'er thee like the waves
 Still remember him that blesses
 Still regard the hands that save.
4. Tho' thy path is paved with sorrow
 Oft bedewed with many tears
 Bear thee on to day to morrow
 God may banish all thy fears
 Hope in him for thou shalt praise him
 To shall every honest soul
 He who loves believes obeys him
 While increasing age shall roll.
5. Now his goodness thou discernest
 Praise and bless his holy name
 Soon thy vesture thou returnest
 To the dust from whence it came
 In thy saviour's love prevailing
 Why should sorrow bear thee down
 Press thee on with zeal unfeeling
 Then no one can take thy crown.
6. Why is fear thy heart pervading
 Angels guard thy path along
 O prepare the robe unfeeling
 Soon to join the ransomed throng
 Where triumphant songs repeating
 Heavenly scenes thine eyes explore
 Where thy living joy completing
 Pleasures flow forever more.

46 Mother

1. Let names and sects and parties Accost my ears no more
My ever blessed Mother Forever I'll adore
Appointed by kind heaven My Savior to reveal
Her doctrine is confirmed With an eternal seal.
2. She was the Lord's anointed To show the root of sin
And in its full destruction Her gospel did begin
She stript a carnal nature Of all its deep disguise
And laid it plain and naked Before the sinner's eyes.
3. Sunk in your base corruptions Ye wicked & unclean
You read your sealed Bibles But know not what they mean
Confess your filthy actions And put your lusts away
And live the life of Jesus This is the only way.
4. Ye haughty Kings & beggars Come learn your equal fate
Your carnal fallen nature, You all must surely hate
Whatever your profession, your sex or colour be
Renounce your carnal pleasures Or Christ you'll never see.
5. The way of God is holy Marked with Immanuel's feet
Lust cannot reach mount Zion Nor stain the golden street
If you ^{will} have salvation You first must count the cost
And sacrifice that nature In which the world is lost.
6. At Manchester in England This blessed fire began
And like a flame in stubble From house to house it ran
A few at first received it And did their lusts forsake
And soon their inward power Brought on a mighty shake.
7. The rulers cried Delusion Who can these Shakers be
Are these wild fanatics Bewitched by Ann Lee
We'll stop this noise and shaking It never shall prevail
We'll seize the grand deceiver And thrust her into jail.

8. Before their learned councils Though oft she was assaig'd⁴⁵
Her life was uncondemned Her character unstained
And by her painful travel Her sufferings & her toil
A little Church was formed On the European soil
9. This little band of Union In apostolic life
Remained awhile in England Among the sons of strife
Till the Columbian Eagle Borne by an eastern breeze
Conveyed this little Kingdom Across the rolling seas
10. To mark their shining passage Good Angels flew before
Towards the land of promise Columbia's happy shore
Hail that victorious gospel And that auspicious day
When Mother safely landed In Hudson's lovely bay.
11. Near Albany they settled And waited for a while
Until a mighty Shaking Made all the desert smile
At length a gentle whisper The tidings did convey
And many flocked to Mother To learn the living way
12. Through storms of persecution The truth she did maintain
And show'd how sin was conquered And how we're born again
The old corrupted nature From place to place she trod
And show'd a new creation The only way of God.
13. About four years she labored With the attentive throng
Confirmed the young believers And help'd their souls along
At length she closed her labor And vanish'd out of sight
And left the Church increasing In the pure gospel light
14. How much are they deceived Who thinke that Mother dead
She lives among her offspring Who just begin to spread
And in her outworn & order There's supplies her room
And still the name of Mother's Like a sweet perfume
15. Since Mother sent the gospel And spread it in the west
How many sons & daughters Are nourish'd from her breast
How many more conceived And traveling in the birth
Who yet shall reign with Mother Like princes on the earth.
16. I love that testimony That shows me what to do
I love my precious Mother I love the Elders too
The brethren & the sisters I love them & their ways
And in this loving spirit I mean to spend my days

77. Solemn Work

1. This is the burden of my song. Never to look abroad for wrong
I find enough to do at home With all my best exertions
Then why seek evil in another Or try to injure a dear brother
Such are ^{not} children of our Mother But slaves to basest pas-
sions.
2. How easy for the carnal mind Evil in other souls to find
While to our own how very blind They're scarcely worth observing
But when old nature dont confound us And we survey the saints
We find the good the just surround us of heaven ^{around us}
how deserving
3. O may I ever more be wise And make a right use of my eyes
Not be a fool & miss the prize For lack of Self-denial
This searching self if you believe me And my experience dont deceive
So Solemn work. Then do not leave me But help me bear the trial
4. Henceforth be this my daily toil. At home to cultivate the soil
A faulting spirit shall not coil Within my breast. I'll kill it
This work will make me kind & clever To all around me; Yea forever
Then love & joy & peace will never Leave my soul, but fill it.
5. Now in this resurrection morn We can't believe they're heaven born
We'd shun the rose but pluck the thorn That they may torment others
For here in Zion's fragrant bowers Where heaven sends such lovely show-
ers
We seek the buds the opening flowers To bind Sisters & kind brothers.

MOTHER ANN'S CALL No 2

Come gather home home all my faithful
children gather home in sense and feeling to the fold
in Zion & search ye every one your hearts & know that
your vessels are clean before you enter my
holy holy Sanctuaries

1. Whence comes this bright celestial light
 What cause produces this
 Of heaven opens to their sight
 Bright scenes of joy and bliss
 O Lord Jehovah art thou here
 This light proclaims thou art
 I am indeed, I'm always near
 Unto the humble heart.
2. The proud and lofty I despise
 But bless the meek and low
 I hear the humble soul that cries
 And comfort I bestow
 Of all the trees among the woods
 I've chose one little vine
 The meek and low are right to me
 The humble heart is mine.
3. Tall cedars fall before the wind
 The tempest breaks the oak
 While slender vines will bow and bend
 And rise beneath the stroke
 I've chosen me one pleasant grove
 And set my lovely vine
 Here in my vineyard I will rove
 The humble heart is mine.
4. Of all the fowls that beat the air
 I've chose one little dove
 I've made her spotless white and fair
 The object of my love
 Her feathers are like purest gold
 With glory she does shine
 She is a beauty to behold
 Her humble heart is mine.
5. Of all the kine that range at large
 I've chose one little flock
 And these I make my lovely charge
 Before them I will walk
 Their constant shepherd I will be
 And all their ways refine
 And they shall serve and reverence me
 The humble heart is mine.
6. Of all the sects that fill the land
 One little band I've chose
 And led them forth with my right hand
 And set my love on those
 They lovely objects of my love
 Around my heart shall twine
 My flock my vineyard and my dove
 The humble heart is mine.

1. O Lord look in mercy on thy chosen people
 O guard them through every temptation and snare
 And cause them thro' conflicts to stand forth unshaken
 On this solid basis the truth to declare
 O may they devote every talent in honor
 That they may be blest with the dew of the morn
 And shew forth the glory & beauty of Zion
 In her perfect order to millions unborn.
2. May thankfulness ever be heard thro' her border
 Love peace and good will be the motto for all
 With rapture may virgins sound forth the glad tidings
 That those shall be saved who on thee do call
 May thy healing wings overshadow thy chosen
 And cause every branch of thy vineyard to grow
 The soft gales of heaven bring cheering reflections
 O may every heart with thy goodness overflow.
3. O Lord may thy all searching eye be upon us
 The light of thy countenance lead us along
 That we may keep sight of the order of heaven
 The lead that is plac'd to protect us from wrong
 In this there is safety no danger of falling
 For Satan can't enter these courts of pure love
 They're wall'd and encircled by order and union
 Which show forth an emblem of heaven above.
4. Then how can we slumber to us is committed
 The richest of blessings that heaven can give
 The pow'r of salvation we know we've received
 Which causes our souls in the spirit to live
 O let not the ties of true gospel affection
 Be ever dissolved nor our hearts be'er grow cold
 Pure love is the seal 'tis the true gospel token
 By which the true followers of Jesus are told.

5. Now let us return unto God our Creator
 Our Thanks for his merciful kindness bestowed
 On us as his creatures while sunk in pollution
 All traveling together within the broad road
 That kind and beneficent hand that's protected
 That's gathered and kept us within Zion's wall
 We'll ever adore as our kind benefactor
 O let us prove true unto him one and all.

80 Intercession

1. O Lord in thy mercy redeem me complete
 Let heavenly armies draw near
 Thy most holy presence I humbly entreat
 To fill me with reverence and fear
 Let wisdom pure wisdom the Mother divine
 The true bearing spirit attend
 My soul in sweet union forever subjoin
 To Christ my Celestial Friend!

2. Let me be united to good Mother Ann
 Her favor is heavenly bliss
No riches that God has bestowed upon man
 No comfort nor blessing like this
 I ask not for glory nor seek to be crown'd
 But this I most humbly request
 To be where a peace never ceasing is found
 And enter the heavenly rest

3. O Lord may I never despond nor despair
 But keep thy ^{good} promise in view
 Since Thou hast so graciously answered my prayer
 Thy mercy will carry me thro'
 While Thou art refining & trying thy gold
 Lord let me with thankfulness yield
 That I may forever be found in thy fold
 Where thy holy word is revealed

81 The great Harvest

The great and glorious harvest
 Of which I often heard
 Is surely now commenced
 The reapers have appeared
 The tares must now be severed
 From good and precious wheat
 For in the heavenly garner
 The Lord will have no cheat.

The reapers first appeared
 With sickles sharp and keen
 And thousands were alarmed
 At such a solemn scene
 The field they now have entered
 No more to slack their hands
 Till all the wheat is gathered
 And shocked and threshed and fanned.

When these laborious reapers
 Have cut the harvest down
 Then come the blessed binders
 And follow closely on
 The work cannot be hindered
 Till all is done complete
 And all the worthless cockle
 Is severed from the wheat.

The Lord is now determined
 To cleanse and purge his floor
 And let the wheat be mixed
 With chaff and cheat no more
 Those who are disobedient
 The fan will drive away
 None but the sound and faithful
 Shall in the Kingdom stay.

Some are so weak and faithless
 They will not bear the flails
 And in the time of threshing
 Their little courage fails
 Such empty vain pretenders
 In darkness will be cast
 And this their awful sentence
 The righteous judge will pass

How will those vile offenders
 Receive their fearful doom
 Among the precious Jewels
 They never more shall come
 But weep and wail and sorrow
 In darkness fire and pain
 Their cries and lamentation
 They'll then pour out in vain.

Then when the harvest's ended
 And cleansing work is done
 Each faithful soul in Zion
 Shall shine forth as the sun
 In never fading glory
 They shall forever dwell
 And with the holy angels
 The heavenly numbers swell.

Let all the true believers
 Unite and firmly stand
 And bear their present threshing
 It is a gracious hand
 And he that will prove faithful
 And bear his daily cross
 Will find that God is only
 Refining gold from dross.

Come let the weak take courage
 And linger back no more
 Let us pursue our Elders
 Whose marching on before
 With words of love and kindness
 They'll draw us sweetly on
 Until we gain the conquest
 And all unite in one.

Sweet Conviction 82

Come sweet conviction reign in me
 Spare not thy chastening rod,
 Forsake me not lest I forget
 The precious way of God
 Conviction is the Father's gift
 To mortals here below
 Shows them the wretched state they're in
 Exposed to endless woe.

Confessing is a glorious work
 It makes the Angels sing
 To see a soul on fire with truth
 Exposing every sin
 It is the precious gift of God
 It stains all human pride
 It drives the Devil from the soul
 Leaves him no place to hide.

Forsaking is the richest gift
 It is the power of God
 It turns the sinner short about
 Into the heavenly road

This is the resurrection power
 Which God has freely given
 It frees the soul from every lust
 And leads it on to heaven.

O Sacred truth come dwell with me
 And make me strong to fight
 The Devil and his wicked host
 In darkest hours of night
 Help me to cleanse my vessel clean
 From all impurity
 That I may stand before thy throne
 From all pollution free.

O Thankfulness come fill my soul
 That I may truly hate
 The filthy state of fallen man
 And all his deeds forsake
 Help me to hate my nature base
 Which God can never own
 Nor can it be conformed at least
 To his beloved Son

O help my soul Almighty God
 Thro' Christ thy precious Son
 That I may honestly repent
 Of every sin or wrong
 Help me to find new life and peace
 And in obedience shine
 And the ^{all} praise and glory shall
 Forevermore be Thine

Creation 83

When the old heavens & old earth
 Were formed at Creations birth
 The voice of God was plainly heard
 Let there be light was his first word
 Before this light all did exist
 As one vast chaos blinding mist
 No animation could come forth
 Nor seas and mountains form the earth.

When light appeared then order came
 And the first cause created man
 And placed a light within his soul
 His thoughts and actions to controul
 This light man's lust and wandered far
 From his creators word and law
 And darkness now has filled its place
 And hid from him his makers face.

God's voice again in mercy comes
 Let there be light ye wandering ones
 The new Creations coming forth
 Upon this dark benighted earth
 Ye souls who're called to dwell therein
 And walk the path that leads from sin
 Your works of darkness bring to light
 Expose them all to mortal sight.

Then darkening clouds will roll away
 The soul arise in endless day
 New animation will break forth
 And form new heavens and new earth
 Let order be your first employ
 For this in heaven is Angels joy
 Their peaceful spirits hover round
 Where light and order do abound.

If the rocks and mountains may decay
 The earth and heaven pass away
 God's word is truth his law will stand
 They're works of his almighty hand
 Then come ye feeble worms of dust
 How low how low his ways are just
 The light of life which he has given
 Will fit our souls to dwell in heav'n.

84. Ye are God's building

Inspired by wisdom, in union and love
 We sing of Jerusalem, the city above
 And in the male order Christ Jesus we own
 Her great Master-builder and chief corner stone
 And we'll sing alleluia! her founder is free
 Amen alleluia! Even so let it be.

2. For many long ages, Jerusalem was
 Obstructed by priestcraft, and blind human laws
 While bold persecutors still raged around
 And held the possession of this holy ground
 Now we'll sing alleluia! her builders are free
 Amen! alleluia! Even so let it be.

3. For twelve hundred years under foot they have trod
 The female apartment, in this work of God
 But now she arises, her freedom is won
 Cast out the bond woman and her wicked son
 And we'll sing alleluia! our Mother is free
 Amen! alleluia! Even so let it be.

4. The children of freedom the followers of Christ
 May sing of this building which Wisdom devised
 This latter-day temple This heaven formed plan
 Which shakes every system and building of man
 And we'll sing alleluia! we're called to be free!
 Amen! alleluia! Even so let it be.

5. Since gross superstition has closed its reign
 The Great Master-builder has come forth again
 The Father and founder of all that is new
 Has now brought each part of the building to view
 And we'll sing alleluia! Our Father is free!
 Amen! Alleluia! Even so let it be.

6. The time being come for the house to be rear'd
 In the female order, a stone was prepar'd
 A woman cut out and redeemed from the fall
 To stand in her order, The Mother of all
 And we'll sing alleluia! Our Mother is free!
 Amen! alleluia! Even so let it be.

7. In man and in woman that work did begin
 Which cleanses the soul from the nature of sin
 And God has confirmed by his promise and oath
 That his holy temple shall stand upon both
 And we'll sing alleluia! Our Parents are free
 Amen! alleluia! Even so let it be.

8. Tho' both are rejected by builders of taste
 Yet each in their foundation order are placed
 And each their full cross did respectively bear
 Which makes the whole building both level & square
 And we'll sing alleluia! we all may be free
 Amen! alleluia! Even so let it be.

9. God loves such a building, it pleases him well
 And here he has promised forever to dwell
 And no man or woman shall ever come in
 Till they have confessed and forsaken all sin
 And we'll sing alleluia! from sin we'll be free
 Amen! alleluia! Even so let it be.

10. This true gospel church which was prayed for so long
 Can never admit of injustice or wrong
 But souls who are faithful to do what is right
 Can all find a place in this mansion of light
 And we'll sing alleluia! The saints are all free
 Amen! alleluia! Even so let it be.

11. With peace love & union, the threshold is paved
 Inviting all souls to come in and be saved
 But those who determine to live in their sin
 Can never behold the bright glory within
 And we'll sing alleluia! all souls may be free
 Amen! alleluia! Even so let it be.

12. Now Zion's foundation forever shall stand
 Upheld by our Father's Omnipotent hand
 And our blessed Mother shall certainly bear
 All souls that shall find an inheritance there
 And we'll sing alleluia! Their children are free
 Amen! alleluia! Even so let it be.

3. Hark hark hear the sound
 Come to the battle ground
 Free your souls be not bound
 Shout the hosanna
 Freedom is all the cry
 Fight fight or you must die
 Ne'er lay your weapons by
 Raise high the banner.

4. Righteous just pure and holy
 Is the way which we are in
 Let us bear our crosses boldly
 Crucify the man of sin
 In this way no vain pretender
 Long can keep his works concealed
 Every thing that serves to hinder
 Now before the light must yield.

X
 5. Hands to work and hearts to God
 A maxim left us by our Mother
 All who will her blessing share
 Must learn to work and pray together
 The idle soul will suffer hunger
 While the faithful soul is fed
 Then O my soul no longer slumber
 Now's the time to gather food.

6. Put on the armor of the Lord
 The bright the sharp two edged sword
 Eternal truth that mighty word
 Which never can be shaken
 O mighty power my soul protect
 And in the way of God direct
 My spirit that I may effect
 The work I've undertaken.

7. The work of God will cut assunder
 Every thing that serves to bind
 But the soul that's meek and humble
 Heavenly comfort they will find

Pure celestial streams of glory
 Will shine forth in every soul
 Who do keep the path that's holy
 Tho' afflictions round us roll.

8 Tho' deep scenes of tribulation
 Mother's children have to pass.
 Yet they have this consolation
 They'll receive a crown at last
 Yea a crown of great rejoicing
 For the faithful is in store
 Tho' the way to it is crossing
 They delight in't more and more.

9 My soul shall be no longer bound
 Since freedom's lovely gate I've found
 I'll enter there and all may see
 That I love gospel liberty
 Tho' I have made a sacrifice
 To gain this precious lovely prize
 I can't regret for all I've lost
 Since gospel freedom pays the cost.

Freed from the chains of death and hell
 I gladly bid this world farewell
 I'll take the cross that Jesus bore
 My soul can ask for nothing more
 For by the cross my soul is fed
 And unto living waters led
 Nor would I from the cross be hurled
 For all the kingdoms of this world.

10. In Zion's humble vale. I'll dwell
 And bid this fleeting world farewell.
 My treasure and my heart are here
 Christ's easy yoke I'll learn to wear
 And with my loving gospel friends
 I'll persevere unto the end
 Thus in simplicity and love
 My living faith by works I'll prove.

11. O Lord I now do pray to thee
 For to protect and strengthen me
 Thro' every trial I shall meet
 Till my redemption is complete
 The robe which I do here prepare
 Will be the garment I shall wear
 Wherever on earth my work is done
 And I am called to my last home.

12. I love the honest hearted
 Who bid the world adieu
 I never will be parted
 From this beloved few
 They are my dear relation
 No other do I claim
 And in humiliation
 I will support the same.

13. Little children love one another
 X Keep the golden rule of heaven
 The faults of others do forgive
 As ye yourselves would be forgiven

Suffer little children to come unto me
 Forbid them not The Saviour says
 For like unto them ye all must be
 If ye would enter the Kingdom of Heavens

14. I love. I love my gospel relations
 They are dearer to me than my tongue can express
 Their union is blessed I love to possess it
 It surely does fill me with true thankfulness
 By this I do know that wherever I go
 The spirit of God will direct me aright
 And give me that blessing that's worth my possessing
 And guide me thro' dangers by day and by night
-

15. Now on my knees in fervent prayer
 Before my God I stand
 Believing in the tender care
 Of his protecting hand
 O Lord do strengthen me I pray
 To overcome my foes
 O keep me in thy holy way
 And give me strength to bear my cross.
-

16. I will renew my strength in Thee
 Thou God of my salvation
 The narrow way I will pursue
 Which yields me consolation
 Here I'll abide what may betide
 With all my dear relation
 With them I'll go thro' depths of woe
 And scenes of tribulation.

17. Remember Lord Thy faithful children
 Who have kept Thy holy way
 O do protect and comfort them
 On their journey night and day
 When they're brought in tribulation
 When they feel Thy scourging rod
 O then appear for their Salvation
 O help them keep the way of God.
-
18. Why should I doubt or turn aside
 Since God I know is true
 Why should I not in truth abide
 Until I've travelled thro'
 Yea here I am and here I'll stay
 And faithful will remain
 In mansions of eternal day
 Where peace and pleasure reign.
-
19. The work of God we all shall find
 Will crucify a carnal mind
 'Twill stain our pride and bring us low
 That heavenly fruits in us may grow
 Come let us bow with one accord
 And seek the mercy of the Lord
 He calls us to repent and live
 O let us not his Spirit grieve.
-
20. In the valley of humiliation I'll walk
 And learn to be humble and low
 I'll rest on that holy and permanent rock
 Which tempests can never overthrow

The soul that is needy & humbly doth cry
 True comfort and mercy will find
 For here is a fountain that never is dry
 Its waters are pure and refined.

21. I love the precious way of God
 It is my only treasure
 So here in Zion I'll abide
 O here's my home forever
 For where or to whom then should I go
 There's death in every quarter
 I would not tread their wicked path
 Or approach their filthy border.

22. I will bow I will bow to the holy work of God
 I will bow I will bend & receive his chastening rod
 Thus my nature which is vile
 Shall submit to God's pure will
 And rejoice in the mercy of God
 O my Elders kind and dear which to God
 are truly near Can ye pray for my poor needy soul
 For where could I go or to whom should
 I look should I lose my inheritance here.

23 I'll be simple I'll be free
 Kind and clever I will be
 By my works you all may see
 That I'm a good believer
 Love love precious love
 Love love precious love
 Love love precious love
 Heavenly love and union.

24. O Lord wilt Thou a blessing send
 Upon Thy little flock
 'Tis on Thy mercy we depend
 Thou art our only rock
 Thy hand has helped us hitherto
 In union to increase
 This heavenly way we will pursue
 For all Thy paths are peace!
-
25. I want to find a further increase
 I don't feel satisfied
 I want to feel my soul released
 From every thing that binds
 O Come refreshing power of God
 O Come and dwell with me
 I want to feel Thy healing balm
 'Tis balsam unto me.
-
26. I want to feel my spirit bow
 In reconciliation
 That true repenting tears can flow
 Which brings humiliation
 Come sweet repentance now descend
 Like heavenly dew refreshing
 And may my heart to God ascend
 In praises and thanksgiving.
-
27. Teach me O Lord Thy name to fear
 And in the gospel persevere
 That I the cross of Christ may bear
 An everlasting crown to wear

And when temptations round me roll
 O do protect my needy soul
 Help me to watch yea watch and pray
 And always keep the narrow way

28. Come guardian Angels do befriend
 With watchful care my steps attend
 O lead and guide me safely on
 Until my work on earth is done
 When tribulation fills my soul
 And raging billows o'er me roll
 It is to Thee I humbly pray
 O Lord protect me lest I stray.
-

More Thankful I will ever be

29. For this pretty way I see
 Thankful for my precious call
 Thankful yea to give up all
 Thankful that I can come down
 Where the word of God is found
 Thankful that I'm gathered in
 Thankful that I'm saved from sin.
-

30. I am thankful for this way

 And none but my God to protect me from harm

 To rule and govern little I
 But ah alas you've got to die
 Great haughty haughty great big I.

98. Of all the beauties I can see
 There's nought on earth that looks to me
 So beautiful as those who're free
 From sin and condemnation

 As Christ the Lord did testify
 To find a full salvation

 While heavenward I move.
-
111. With fervent zeal and pure delight

 To rest in the mansion that's holy

 O help them to turn from the father of lies
 And their gospel union tenfold more to prize

114. I have come saith the Savior
 For my Father hath sent me

115. My voice to thee O God I raise
 In songs of thankfulness and praise
 That I am called in these last days
 To share this great salvation
 O may each day be well improved
 For lo! the time has now arrived
 When every soul it must be tried
 Upon the burning altar.

116. O Zion arise in glory and beauty
 For God is thy strength thy stay and protection
 He is thy support in sore tribulation
 When sorrows do roll and floods of vexation
 Mine eye is upon thee I know thy affliction
 Mine arm I've extended to save thee from harm
 Then fear not O Zion for thou art surrounded
 With hosts of bright angels to sound the alarm

117. In bonds of sweet union I'll travel with you
 Dear friends to the heavens above.
 The way of salvation I'll gladly pursue
 Rejoicing in heavenly love
 This comfort surpasses the glory of earth
 It brings solid peace to the mind
 And all who with pleasure do walk this low path
 The durable riches do find

118. I am not ashamed to own my Mother
 Nor to defend her glorious word
 The way she trod is straight and narrow
 O may I tread the path she trod
 Altho' by some I am despised
 The blessed Gospel I do prize
 Nor will I ever prove untrue
 For all this world can say or do
 This world's vain honors I will shun
 The narrow way of life I'll run
 That this at last my lot may be
 My Mother's not ashamed of me.

119. O the pretty way
 Where the saints are a going
 'Tis all adorned with flowers
 And living waters flowing

 And there the faithful gather
 In one united band
 Yea here are my relations

 And strive to be alive
 That from our habitation
 Old bondage we may drive

 And cleave unto the good
 Then we shall be the children

 In peace and love uniting
 While angels stand with harps in hand
 To heaven are inviting
-
126. I'll renew my zeal and courage

 Which there is prepared for you
-

 Will arm ourselves and march along
 For to the heavenly armies go
 Before to guide us on our way

Thus join'd in one harmonious band
We'll travel in the heavenly land
United in the bonds of love
We swiftly on our journey move.

128 O Lord protect me while I am young
And keep me in subjection
O learn me how to guard my tongue
That I may find protection
My words shall be few & seasoned with grace
Yea I will be more lowly
O help me now to keep my place
Among the pure and holy.

129 O what blessings are a flowing
O what comfort I do find
In true reconciliation
There is always peace of mind
Every gift that flows in Zion
I will freely feast upon
That I ever may be able
With the pure to march along

130. A contrite spirit meek and low
O Lord on me I pray bestow
Give me a thankful heart I pray
That I dont miss Thy holy way
Here in this vale below I see
The narrow path which is for me
Then O my soul stoop lower down
Here lies a pure immortal crown.

131. Come Mother's spirit dwell with me
 And teach^e me humility
 O learn me how to watch and pray
 That I may keep the narrow way
 O do awake my soul to prayer
 To watch my steps and shun with care
 All evil that besets my road
 And keep my soul in peace with God.

132. On the mountains of pleasure I never will soar
 To find a releasement from sorrow & pain
 But here by the cross I will constantly gather
 That substance that is gained by bearing the same
 I'll be little and simple & come very low
 To receive the rich blessing our Father has sent
 For here in the valley these pure waters flow
 Th' refresh every soul that does truly repent

133. Hail the day of full redemption
 Which the Lord has usher'd in
 This the latter day of glory
 And salvation from all sin
 Here Christ's kingdom is erected
 Here the temple may be seen
 Where the Lord unveils his glory
 On his power all may lean.

2. Come ye weary heavy laden
 Ye who seek the narrow way
 Come the feast is now made ready
 Come O come without delay
 Here the fountain now is opened
 Down in Achor's valley low
 Yea the door of hope is opened
 All who will may now pass thro'.

134. These are my people saith the Lord
 Who have refused all sin

 And fountains pure and clean
 These in my spirit ever move
 These are redeemed from sin.

135. Come brethren all unite
 Come sisters join the song
 In this way we'll take delight
 While we sweetly march along
 Angels are inviting all
 To be faithful here on earth
 We will join the heavenly throng
 Praising God in songs of mirth.

136. See the saints uniting here
 See their true devotion
 Their souls are filled with Godly fear
 See every one in motion
 See them joined to the hosts above
 See them all engaged
 The gifts of God they truly have
 Both blooming youth and aged.

137. There is nothing behind me
 That I do desire
 I want my old nature
 Consumed in the fire
 Till all that is evil
 Is turned into drops
 Salvation is gained
 By bearing the cross.

138. Come every one that will unite
 To slay a carnal nature
 Come let us strive with all our might
 To honor our Creator
 We will rejoice that we have found
 The way of self denial
 And all who're in obedience found
 Will stand thro' every trial.
139. O Lord in mercy wilt thou hear
 My daily supplication
 O may I walk in Godly fear
 And gain my soul salvation
 The way of God is my delight
 And in it I will keep
 Directed by the gospel light
 A lowly place to seek.
140. Come come every one
 To heaven be a marching on
 Step quick let us run

 We pray that your souls may forever increase

 Your spirits will keep.

 I'll be a David
 I'll show Michael twice
 How he behaved.

143.
 Our old fleshly nature will torture and vex
 We'll humble our pride and will supple our necks
 Never flinch at the cross till our stubborn will's broke
 And we are accustomed to Christ's easy yoke
 Easy yoke Easy yoke
 Till we are accustomed to Christ's easy yoke

144. I'm thankful to God every time I assemble
 With this little sin hating few
 Whose faces are set like a flint towards heaven
 The privilege always feels new
 Not all the vain pleasures this world can afford
 Will yield solid comfort and joy
 But here by the cross we're a happy abode
 And comfort in all our employ

145. Lord give me strength and power
 And teach me to be wise
 May I be kept from evil
 And gain the heavenly prize
 May I increase in union
 And in the gift of God
 Here in our sweet communion
 This path our Savior trod.

146. Lovely children skip and play

 In thy redeeming love.
149. Let us in closer union draw

 That I may be protected
 And in Thy pure and holy way

 Into the vale that's lowly
 If I would travel with the just
 I must be pure and holy.

153. Guardian Angels my soul befriend
 O let me feel Thy presence near
 Direct my heart with Thee to blend
 And keep me in Thy holy fears

 And give me strength to guide me thro'
 That I may steer my bark aright
 And land among the righteous few.

154. I love the believer

 And give no place to doubts and fears
 For every soul that perseveres
 Will gain a full dominion

 And worship with the joyful song
 So let the weak say I am strong
 And press into the kingdom.
157. Altho' we are a little band
 And placed here on Canaan's land
 Here in the truth O may we stand
 In union with each other
 While here in Canaan we reside
 The fountain head is still our guide
 Where we may seek the lovely Bride
 The substance of our Mother.

158. Come let us all set out anew
 And have our union just and true
 And keep our spirits meek and low
 For Christ has taught us so to do
 Tho' we have crofes on our way
 We'll bear them cheerfully every day
 For Mother taught her children here
 That they must be Gods chosen heirs.

 And humbly seek the love of God.

 Trim up your lamps and now prepare
 To gain a glorious mansion there
 Put off dull sloth and be alive
 To enter with the Bridegroom strive
 Lest it be your unhappy lot
 To hear depart I know you not.
244. My Mother's little child I be
 If I am good she will love me
 If I am only meek and mild
 She'll own me for her little child
 Then I shall prove a worthy heir
 Then I can sit in Mother's chair
 It is both soft and easy too
 I love to sit in it I do.

245. Bless and praise the new Creation
 Which will every sin destroy
 Here is found complete salvation
 Everlasting peace and joy
 Source of happiness and comfort
 Unto all who will obey
 Rise my soul and reign triumphant
 Over every evil way.
246. O what a rich treasure we now have received
 A chain to encircle all souls that believe
 A cord to unite us in bands of pure love
 That we on our journey in union may move
 We'll keep it unbroken and thankful will be
 'Tis worth than all the rich pearls of the sea
 No gems of the mountain can with it compare
 And those who possess it how lovely they are.
247. In mercy Lord protect the youth
 And lead us in the path of truth
 O fill us with thy holy power
 And keep us in the trying hour
 Tho' tribulation does surround
 And mighty billows o'er us roll
 We know thou art a constant friend
 Unto the humble steadfast soul.
248. O Lord wilt thou a blessing send
 Unto thy little flock
 'Tis on thy mercy we depend
 Thou art our only rock
 Thy hand has helped us hitherto
 In union to increase
 This heavenly way we will pursue
 For all thy paths are peace.

249. O Mother kind Mother do help me to feel
 More pure and union more union and zeal
 That I may abound in Thy grace evermore
 And lay up in heaven a purified store
 O may I feel union with all that is good
 That I may in safety escape from the flood
 Of sin which has covered the earth far & wide
 And in Thy blessed gospel forever abide.
250. O do you want your souls endowed
 With heavenly blessings here
 Then you must learn to serve the Lord
 With reverence love and fear
 And if you keep the way of God
 Your souls will bud and blossom
 And unto you the chastening rod
 Will be like healing balm.
251. With thankfulness we will unite
 And march the heavenly road
 And keep our armor shining bright
 And carry a flaming sword
 We are determined the day to gain
 All evil to put down
 And kings & Princes may boast in vain
 When we've received the crown.
252. O Lord to thee I now do pray
 That I may keep within the way
 That leads to peace and happiness
 Where joys will never never cease
 And while on earth I do remain
 My time may not be spent in vain
 But I will treasure up a store
 That will abide when times no more.

253. The war is now proclaimed
 The bounty's offered free
 And all who will maintain it
 A volunteer must be
 No coward or pretender
 Need march into the field
 For all who forward venture
 Must true submission yield.

A life of self denial
 Will have to be endured
 Yea many fiery trials
 But victory is ensured
 No one need be mistaken
 They'll find the foe within
 In our own camp is taken
 The lofty man of sin.

254. O Lord of meekness and salvation
 Lead my soul in valleys low
 Feed me with humiliation
 In paths of peace where'er I go
 Thy gospel the only treasure
 That my soul can ever find
 It is my all it is my pleasure
 Unto thy will I'll be resigned.

255. A lovely sight it is to see
 Souls unite and all agree
 Marching on in peace and love
 Traveling to the worlds above
 Every motion seems to say
 We are moving on our way
 Traveling on we can't be still
 Bound for heaven go we will.

256. The work of God is going on
 And Satan cannot hinder
 Altho' he strives with all his might
 He surely shall surrender
 For we're determined to go thro'
 And to obtain the promise
 The precious prize we have in view
 And none can take them from us.
257. Ye valient soldiers march along
 And in the work of God be strong
 Put on the helmet sword and shield
 And boldly fight and never yield
 We'll surely conquer in this way
 If we will hearken and obey
 The voice of truth and walk upright
 Our souls will shine in endless light.
258. O fill me with wisdom with power and love
 O feed me with manna from heaven above
 My soul must receive it in order to live
 Now since our kind Mother her love does bestow
 I'll make it my heaven where ever I go
 In humble submission my cross I will bear
 That in Mothers blessing I have a share.
 For this is the food that our Mother does give
259. My friends in the gospel be faithful & true
 Then my love and blessing shall rest upon you
 You are my relation my kindred my all
 In this happy union you never will fall
 My Brethren & Sisters you're precious to me
 I love you I bless you wherever you be
 If you will be faithful all crosses to bear
 In Christ's lowly Kingdom a crown you shall wear

260. Come on sweet band in bright array
 We're marching in the heavenly way
 The golden lamps with oil supplied
 Diffuse their light on either side
 The light of Zion shining clear
 Come traveller you need not fear
 Then let us march the golden street
 That's marked by our Mothers feet.
261. The world has no charms for me X
 I see it bound in chains of darkness
 Thankful I'll ever be
 That I've escaped its shackles
 For Mothers children I do love
 They're lovely lovely lovely lovely
 Mothers children I do love
 They're lovely lovely lovely
262. O The sound of full salvation
 Peace on earth good will to man
 Here's a heavenly near relation
 Brought to light by Mothers Arm
 Here no earthly tie is binding
 Joyfully we will obey
 Here by the cross we're daily grinding
 Every evil thing away.
263. O how I love the blessed road
 That leads to heavens pure abode
 Where I can feed on choicest food
 And find a fruitful travel
 This road will lead to endless peace
 Where scenes of joy will never cease
 Then I will labor to increase
 In victory over evil

With triumphant songs of gladness
 We will sound our Savior's praise
 For his everlasting goodness
 Leading us in victory's ways
 Angels are a crying holy
 Bow before Thee night and day
 For the everlasting glory
 Which in Zion is displayed.

Wake up my soul and move in earnest
 You was formed for endless day
 Soon from flesh you'll be unharnes'd
 Soon you'll burst this clog of clay
 Wide awake wide awake wide awake & view
 Your kindred safe in yonder mansions where
 Keep the step keep the step keep the step & don't
 be hindred strait ahead you'll soon be there.

Lo the seal of death is breaking
 Angels voices swell the sound
 Souls from sleep are now awaking
 And for Zion they are bound
 Hark the heavenly harps are ringing
 Held by virgins bright and fair
 And their pleasant notes are bringing
 Music on immortal air.

Heaven heaven is the residence
 Of the faithful true and just
 O I will I will be diligent
 Gain a treasure there I must
 O tis heavenly heaven heavenly
 Lovely souls come travel on
 Gain a treasure that eternally
 We in heaven may feast upon.

268

I will be with my children saith Mother
 Thro' trying scenes of tribulation
 I will be their strength and comfort
 And when they've done their work below
 They'll dwell in everlasting love
 Far far beyond this vale of woe
 In happy mansions far above.

269

O what a crown Mother's gained
 Shall we not receive the same
 If we travel in her path
 Which is holy pure and clean
 O yea we shall yea we shall
 According to our measure
 O yea we shall yea we shall
 If we're faithful and endure.

Be not afraid of sober thought
 And self examination
 But well digest what we are taught
 Be this my consolation
 If I can feel the man of sin
 Grow weak in his foundation
 And know that all is right within
 Be this my consolation.

In Zion's valley does abound
 Eternal life and power
 No seperation can be found
 Here in this lowly bower
 Ah where's the honors of this world
 They're doomed to desolation
 To ruin soon they will be hurled
 But God is my salvation.

How lovely and how pure are they
Who do their holy faith obey
And walk in true obedience here
And in the gospel persevere
Good Angels do delight to bless
Such souls with peace & happiness
And guide them safely on their way
To mansions of eternal day.

How good it is to worship God
With those who're undefiled
To feel his presence ever nigh
In spirit meek and mild
The gifts of God we shall obtain
If we are meek and low
And labor freely for the same
For tis to such they flow.

Rejoice and be ye thankful
 Mother she will lead us on
 If we will be true and faithful
 We shall surely have a crown
 Mother she will surely clothe us
 With a robe that's clean and pure
 She will mark the way before us
 And will guide us safe and sure.

I have a work on earth to do
 And solemn solemn it is too
 A work that never neer will end
 Till souls are purified and cleans'd
 Tho' many may be left to say
 This is not the living way
 But O in darkness they are bound
 And this brings judgment on the
 ground.

Jerusalem arise and put
 Thy robes of beauty on
 Thy glory yet shall fill the earth
 Saith the eternal one
 Tho' foes beset thee round about
 Their power shall not prevail
 I am the Lord & who hath known
 My promises to fail.

2

To thee the nations from afar
 Their offerings yet shall bring
 I'll crown their souls with peace & love
 And songs of joy they'll sing
 Unto this blest & favored land
 In multitudes they'll flock
 On Thy foundation they shall build
 Thou everlasting rock.

The love of the Gospel is holy and pure
 'Tis gained by the cross and will always endure
 Then I will be faithful and strive to secure
 This treasure which never will end
 Tho' deep tribulations and sorrows abound
 And waves of affliction are rolling around
 With peace & salvation the righteous are
 For God is their Father and friend ^{crowned}.

Some guardian spirits do befriend
 And keep me safe unto the end
 O lead me down in vallies low
 Where heavenly comforts ever flow
 O waft my spirit far beyond
 The troubled scenes of time
 Where living mercies do abound
 And joys that are sublime.

Nought shall tempt my soul to wander
 From this pure and holy way
 Since in it I find salvation
 And protection night and day
 Holy Father grant that I
 May keep my spirit undefiled
 Gather with thy faithful number
 And be called a gospel child.

280

I am marching on to my happy home
 And I leave this world behind me
 On that bright shore I shall weep no more
 And sorrow cannot find me
 O The way I go is a narrow way
 And it leads to mansions holy
 'Tis a shining way 'tis as clear as day
 And it leads to endless glory.

O I will seek a treasure
 That will support my soul
 Which is far far more precious
 Than mines of richest gold
 This pure immortal treasure
 Is gained by the cross
 'Tis heavenly joy and pleasure
 Refined from all dross.

282

While we march the golden streets
 Of the new Jerusalem
 We will sing a joyful song
 To mount Zion's King and Queen
 Strike upon the pleasant lyre
 And let the music roll
 I have joined the heavenly choir
 Praise the Lord O my soul.

Behold the beautiful tree of union
 Rich with precious fruits of love
 Taste & eat and live forever
 It is good yea it is sweet
 It is our heavenly Father's pleasure
 That we do his kingdom gain
 Where the love of Christ the Savior
 Freely in each heart does reign.

284

Once more we meet to serve the Lord
 And worship him in spirit
 Come let us join with one accord
 A holy mind inherit
 We now will praise him in the dance
 With hands and feet in motion
 We'll praise him as we do advance
 While in this sweet devotion.

The roaring tide may roll roll on
And raging winds may blow
I'll steer my bark to Canaan's land
That happy happy shore
I'm bound for heaven on I'll go
And brave all dangers here below
I'll dwell within the gospel ark
There's safety there I know.

286

Come on my dear companions come
Tho' waters deep around you roll
We're marching to a peaceful home
And brighter scenes will there unfold
Like valient soldiers stand ye fast
And march at Gods command
Then dear companions we at last
Shall reach the promised land.

While on time's troubled sea you sail
 Fear not my beloved se lin se la more
 For I'll guide your bark with a pleasant
 gale And land you on fair Canaan's
 shore there ^{there} you shall join in pleasant
 devotion With those who've gone before
 And the sorrows of earth shall reach
 you no more .

Come ye little chosen number
 Who are called my little flock
 Do not sleep O do not slumber
 Build O build upon the rock
 Gravel in humiliation
 Bear your cross from day to day
 Seek and find a just relation
 To my pure and holy way .

Lo down in the beautiful valley
 Where love crowns the meek & the lowly
 Where loud storms of envy and folly
 May roll on like billows in vain
 The low soul in humble subjection
 Shall there find unshaken protection
 While soft gales of cheering reflection
 The mind soothed from sorrow and pain.

290

March ye on to fields of glory
 For the Lord is calling you
 Christ and Mother are inviting
 Come partake ye chosen few
 Swell the song of joy and gladness
 For the heavens are now open
 And you may receive the blessing
 Israel's God will you befriend.

I do rejoice I do rejoice
 That gospel light has come
 The lamp of truth is now sent forth
 To guide the wanderer home
 Home to the City of our God
 Where righteousness doth reign
 Where truth and justice bear the sway
 And love is all the Theme.

292

O Lord do hear our humble cries
 Extend Thy holy arm
 On thee our whole dependance lies
 We are but feeble worms
 O do preserve thine heritage
 And guard this holy hill
 O let no wicked enemy
 Against thy church prevail.

Our days on earth soon will be over
 And we must leave this mortal shore
 To dwell in that celestial clime
 Far far beyond the things of time
 O then let us be faithful here
 And live to God in solemn fear
 Thus at the close of life we'll find
 True happiness and peace of mind.

294

O holy love do listen now
 While I breathe my simple prayer
 To thee I pay my humble bow
 To thee my sweet devotions are
 May holy angels gather near
 And lead me in the path that's straight
 Learn me to live in Godly fear
 That I the truth may never forsake.

O leave me not least I should stray
 When clouds of darkness do arise
 In every trial help me say
 However severe may I be wise
 The vale of purity I see
 Give me the spirit of a dove
 To guide me in the safe retreat
 The dwelling place of holy love.

295

I will go to the heavens where waters
 pure are flowing, I will go I will go
 with the holy and pure, There in
 songs of rejoicing sweet praises
 I'll sing, On my golden harp
 I'll play, To the praise of my King
 While his glorious throne surround-
 ing Bright angels low do bow, I
 will fall at the feet of my holy holy King.

Come Thou sweet humiliation
 Come O come and dwell with me
 Be with me in tribulation
 Be with me wherever I be
 Holy Father bless me now
 With a humble contrite heart
 That I may bow down low
 And from Thee may never part.

297

O Heavenly Father in mercy draw near
 And bless me again with Thy holy fear
 In love to true order I mean to increase
 In this I do find sweet Comfort and peace
 O bright holy Angels around me do gather
 And clothe me with blessings from Christ your Mother
 O May this bright seal give new life to my soul
 That I may come down within zions fold.

I love I love my Elders dear
 Whom God has placed on earth
 To guide my soul to port so near
 Where's joy and heavenly mirth
 O I will labor to come down
 And bear my cross with patience
 That I may soon obtain a crown
 With my heavenly Parents.

My spirit shall soar far above earthly sorrow
 And rest in a bark of pure love
 That swiftly does sail o'er times troubled waters
 To the fair port of heaven above
 Where the Ensign of Freedom is pleasantly waving
 And souls holy offerings do bring
 Where songs of thanksgiving are rolling & rolling
 In praise to our holy King.

300

On the waters of true repentance
 May I sail in solemn fear
 That my soul may find an entrance
 With the saints that persevere
 I will walk in true subjection
 In humiliation low
 That my blessed Mothers spirit
 May guide where ever I go.

300

I will praise the holy Savior
 I will praise and bless his name
 For this great and full salvation
 Which to earth he has proclaimed
 O come gather to his standard
 All ye people far and near
 Here his banner is unfurled
 Here is freedom never fear.

We have the heavenly race to run
 If we would ever win it
 And everyone that ha'n't begun
 Had better now begin it
 The fleeting moments speed away
 And leave no time to parley
 And if you want the victory
 Commence the action early

302

I am the heavenly Comforter
 Go cheer the weary soul
 To help them on their journey
 When sorrows round them roll
 I'll light their way I'll cheer their
 Thro' many a dreary hour ^(path)
 If unto me they'll only call
 I'll clothe them with my power

The Gospel shall spread to the ends of the earth
 It shall fill up the valleys with joy & mirth
 It shall cause the mountains to leap for joy
 And dancing and singing shall the forest employ
 As a light to the heathen it shall spread thro' the
 Even those whose enlighten'd in wonder shall ^(land)
 For with mighty power thro' the earth I will ^{stand} pass
 And all man made creeds shall wither as ^{grass}

304.

Dearest kindred we have found
 Full and free salvation
 In this way true peace abounds
 Joy and consolation
 All united on we go
 Joined heart and hand
 And the tittle we do claim
 Mothers social band

300

O Lord give me power
 & give me life and peace
 That I in the gospel
 May ever increase
 That my labor forever
 May be to honor thee
 While I remain on earth
 And in eternity.

301

The Angels are calling to come come to Zion
 Where countless of blessings are flowing are

 The holy fount pours down its cleansing
 waters And with the Lamb upon the mount
 stands Zion's sons and daughters
 Where sweetest praise is sung
 And the seraphs harp sound forth
 in joy to praise Their King Come
 let us join the solemn worship and
 feel the holy flowing of heavenly love
 And singhly praise praise praise
 unto God.

302

Shout O ye heavens And be
 joyful O ye earth and break forth
 into singing ye living things
 that move For the Lord hath comforted
 his people here below Therefore
 declare his praise in songs forever
 new.

The work of God is lowering
 lowering, no exalting not at all
 The higher up the sense is raised,
 The lower it has got to fall,
 Then I'll come down another step
 further, step step down another
 step down the safety lies in keep-
 ing down the danger is in climbing.

304

O praise Ye the Lord Praise him
 Praise him Bring Thank Offerings
 to his Name He is righteous just and
 holy Let his saints his praise proclaim
 O praise him praise him all ye

 Thanksgiving never never

 The Gospel sun in splendor bright
 Shall shine unto each nation
 To realms of joy their souls to light
 Tho' thro' deep tribulation.

306

New Day

O hail the bright morning of life giving ^{love}
 We'll banish all evil away
 We'll travel together to mansions above
 To an everlasting new day
 There there will the sons of the King ^{the Queen}
 On love everlasting be fed
 There there will the daughters of glory ^{sleep}
 All drinking of life from the head

The voice of the spirit now sweetly ^{call} does
 The Bride sayeth come come away
 Let him that now heareth seeke the call
 come on with ^{out} further delay
 For time is so swiftly advancing ^{along}
 Continually seeming to say
 O work away children & put away sin
 O work ye now while it is day.

307

Voyage to Canaan.

A people called christians
 How many things they tell
 About a land of Canaan
 Where saints and angels ^{dwelt} ~~do~~
 But sin, that dreadful Ocean
 Encloses them around,
 With its tides, still divides
 Them from Canaan's happy ground

2 Thousands have been impatient
 To find a passage through,
 And with united wisdom
 Have try'd what they could do
 But vessels built by human skill
 Have never sailed far,
 Till we found them aground
 On some dreadful sandy bar.

3 The everlasting gospel
 Has launch'd the deep at last
 Behold her sails extended
 Around the towering mast
 Along the deck in order,
 The joyful sailors stand,
 Crying, O! Here we go,
 To Emmanuel's happy land.

4 To those who stand spectators
 What anguish must ensue
 To have their old companions
 Bid them a last adieu!
 The pleasures of your paradise,
 No longer can invite.
 Here we sail; you may sail,
 But will soon be out of sight

5 We're now on the wide ocean.
 We've bid the world farewell,
 And where we shall cast anchor
 No human tongue can tell,
 About our future destiny.
 There need be no debate
 While we ride on the tide
 With our Captain and his mate

6 The passengers united
 In order peace and love,
 The wind all in our favour
 How sweetly we do move,
 Let tempests now assail us
 And raging billows roar
 We will sweep thro' the deep
 Till we reach the blessed shore

308

1 On board the royal victory,
 I'm bound a volunteer, crew,
 And with her brave and valiant
 For heavens port I'll steer,
 2 Her sails are set her colours fly,
 Of peace and righteousness
 And swiftly we are sailing by,
 To the realms of perfect bliss.

309

1 I'll move along with pure delight
 Unto the happy kingdom,
 I'll praise the lord with all my ^(might)
 With zions lovely children,

2 The work of god is all my theme
 It surely brings redemption
 Upon his holy power I'll lean,
 For safety and protection.

310

This little band of soldiers brave
 Are marching on their souls to ^{save}
 The enemy is now in sight,
 And every one is called to fight

.

2 As we go we will sing
 And make the heavens ring
 We will follow those who lead
 Who have marked the heavenly track.

For our band have all agreed
 We will never more look back.

 311

1 There is a glorious crown prepared
 For every faithful soul
 Who patiently all trials bear
 And keep within the fold,

2 In mansions of eternal rest,
 Where saints and Angels reign,
 In shining robes they will be dressed
 Which by the cross they gain.

 312

Dear Brethren and sisters with you I will go,
 Through sorrow affliction and trials below,
 I'll never be parted from this faithful band,
 Whose faces are set for the promised land,
 Already I've tasted from that happy vine
 The clusters all dripping with heavenly wine,

And since I'm supplied with all that I need,
In faith and obedience I'll follow my lead.

313

Lean upon my arm whilst sufferings you bestride,
In this your Saviour am abouse at your side,
As a flowing stream to the thirsty soul,
So shall my blessing daily round you roll,

314

O Lord bestow on me I pray,
Thy strength thy power to keep the way
That I may valiantly press on,
And do the work I have begun,
A work that dose consume the dross,
All evil works hold to the cross,
And there destroy it root and branch,
In this pure work we will advance

Let your hearts rejoice and your
souls be comforted for the Lord
is at work with the children of
men. He will call them in
love, his power they shall know,
then to Zion they will come
seeking for a home, so be ye
ready. ~~For that day will surely come,~~
my dear children be ye
ready for that day will surely come.

²¹⁶
~~216~~ O Union than cementing band,
That makes love freely flow,
While on our way to Canaan's Land
Halleluia here we go,
Union is a Shining Light
Let it freely flow,
To guide us onward day & night
Halleluia here we go,

317

O come my little flock gather
 Hoine hoine hoine I've prepared
 a plase for you come my
 little ones come, I will feed
 you with that food which
 will never decay but will
 yield you support when
 mortal scenes pass away?

The Gospel Child.

1 The gospel child, whose humble mind
 Is to the will of God resign'd,
 Whose life is undefil'd,
 Who daily in obedience walks,
 And never acts nor thinks ^{talks} _{na} ✓
 But like a gospel child.

- 2 With zeal he takes his daily cross,
 And shuns the way that leads to loss,
 Is always reconciled,
 Is meek and harmless as the dove,
 His heart overflows with ^{thanks} love and love,
 So lives the gospel child.
- 3 How beautiful it is to see
 Brethren and sisters all agree
 In spirit meek and mild!
 To see them love God's holy way,
 In all they do, and all they say,
 Be like the gospel child.
- 4 The serpent stings with all his might
 To turn us from the gospel light,
 With nature's passions wild,
 And some ~~are~~ ^{unwisely} yield at length
 And lose their union, lose their strength
 Not so the gospel child.

- 5 This we may know, if we are wise,
 That when we feel our natures rise,
 The senses are defil'd,
 And gloomy spirits enter in,
 And tempt the soul to league with ^{Sin},
 And hate the gospel child,
- 6 Let's harken to the gospel call,
 And crush serpent, once for all,
 Till nature is despair'd,
 So shall we find a rich increase
 In power, in union, and in peace,
 And love the gospel child.

The Great Union Tree.

- 1 When ^{Christ} the messiah first preached ^{Salvation},
 His kingdom was small tho' his power was ^{great},
 He was the first founder of the new creation,
 His Gospel first opened the strait narrow gate,

Hail thou bright gospel of endless salvation,
 O grant us thy power to help us along,
 Away from this world and all carnal relation
 To share in the joys of the heavenly ~~thing~~^{en throng},

2 Behold the great day of eternal salvation,
 Which long was foreseen by the prophets of old,
 Is now brought to light in this last revelation,
 According to that which the prophets foretold
 Hail thou bright Father of endless salvation
 O grant us thy power to help us along
 Away from this world and all carnal relation
 To share in the joys of the heavenly throng,

3 The celestial dove from the field of communion
 Where millions and millions of angels agree,
 Has brought in her hand as a pledge of her union,
 A beautiful branch of the great minster tree,
 Hail thou bright Mother &c,

- 14 This branch from the great union tree is now ^{growing}
 And many are blest with the arbours of peace
 Sweet rivers of union from you are ^{flowing}
 And thousands have seen their eternal ^{increase}
 Hail than pure fountain of endless ^{salvation}
 I grant us thy power to helpers along
 Away from this world and all carnal relation
 To share in the joys of the heavenly throng.

My Feelings.

- 1 How joyful how thankful how loving ^{feel}
 And still I want ~~I want~~ more love ^{and} year more ^{and}
 I want my love perfect I want my love pure
 That I may with patience all things well endure
- 2 I want to feel little more simple more mild
 More like our blest parent and more like a child
 More thankful more humble more lowly ^{mind}
 More watchful more prayerful more loving and kind

- 3 In duty enduring in bearing believe
 Forgiving if any my spirit should grieve,
 Remembering at all times as Mother did say,
 To set out anew and begin every day,
- 4 Come love and sweet union for you I will call
 I want to feel love and be loved of all,
 Come love and sweet union come hasten to me,
 And fill up my vessel full as it can be,
- 5 Come Brethren and Sisters both aged and youth
 Come all that are willing to run in the truth,
 Come fill up your vessels with union and ^{Love}
 And the blest journey will joyfully move

Arbor of Love.

To thee O my Saviour I earnestly pray
 To guide and protect me in thy holy way
 And cloath me with meekness and love

May I in the path of true holiness walk
 Place me on ^{rock} that solid and permanent
 Which tempts can never remove.

2 The way of salvation is open and free
 Which thousands have waited and longed ^{See} to
 But never obtained the sight.

Such comfort and peace to my soul it does ^{Bring}
 I an theme of praise to my Savior I'll sing
 And make this pure way my delight.

3 Tho' stormes and thick darknes may gather ^{around}
 And tho' persecutions and trials abound.

Yet still in my ^{God} I will trust,
 Ye all tho' ten thousand should fall at my ^{side}

I God's holy way I will ever confide,
 His promise is faithful and just.

4 This path has been trod by parents above ^{out}
 The trees of life wave round this arbor ^{Love}
 Where happy spirits do meet.

and true

In union with those who are faithful
 This strait narrow way I will ^{persevere} ~~exp~~
 Till I am redeemed come ^{gained} ~~plete~~,
 5 When over all evil the conquest I've
 With my blessed parents I ever shall ^{reign} ~~shall~~
 Where heavenly blessings abound
 By daily ~~persevering~~ the strait narrow ^{way}
 I shall enter in to the city of God
 And with life eternal be crowned
 Lion's Mountain.

10 Come and see ye nations,
 Ye people far abroad,
 Behold in Lion's mountain,
 The glory of our God,
 His light and power are spreading
 His kingdom is ~~the~~ ^{his} ~~equin~~
 And peace on earth ^{is} ~~reigning~~
 Ye here his will is done,

2 Christ has again appeared,
 To every tongue and kindred
 -The boldly testifyd

We feel his presence nigh,
 And in his second coming,
 A living work we view,
 Which swiftly is increasing
 And ever it is new.

3 A pleasant way he's marked,
 And paid their sappings deep
 In sorrow he has walked,
 Souls to redeem complete,
 And placed here a fountain.
 A pure and living stream,
 In which the weary pilgrim
 May wash and be clean.

4 The invitation's sounding,
 Now from the living God,

~~To those without whose hungering
 And thirsting for his word,
 Come travel in the footsteps
 Of those who follow me,
 Be clothed upon with meekness
 With low humility.~~

5 Then I will be your father
^{your} Guide and heavenly friend,
 Upon the wandering stranger
 My mercy shall descend,
 And you shall be my people
 the planting of my hand,
 And dwell within the Temple
 With this my chosen band,

~~~~~~~~~  
 Living Faith.

Altho' the fig tree shall not bear  
 Nor blossom in the spring,

The olive for the labours care.  
 No oil of gladness bring.  
 The pleasant grape shall not be found  
 Upon the paccious vine,  
 The fields become like haring <sup>ground</sup>  
 No living verdure thine.

2 The flock which feed in pastures <sup>near</sup>  
 Shall perish from the fold,  
 The stalls quite empty shall appear  
 No herb therein be held,  
 Still in the Lord I will enjoyce,  
 For the salvation givers  
 And joyfully I'll raise my voice  
 That my redeemer lives.

3 The lords my strength I shall not sink  
 For'll cause my feet to stand  
 The Like Herds, upon the mountains <sup>Drink</sup>  
 I'll walk the holy Land,

His power and wisdom I will bless  
 His goodness I'll adore,  
 I'll praise him for his righteousness  
 Henceforth for ever more,

Church of God.

 Put on thy garments pure,  
 Thy King shall lead thee in a way,  
 Both holy safe and sure,

 And gather them within,  
 And with a wall of jasper stone,  
 He'll guard them from all sin,  
 He'll <sup>feed</sup> thy little <sup>ones</sup> <sup>with</sup> food,

 And nothing that is for thy good,  
 Will he withhold from thee.  
 4 In thee the lord shall place his name,

 And put on thee a diadem,  
 Divinely fair and bright,  
 And thou shalt be the dwelling <sup>(place)</sup>  
 Of him that reigns above,

 Thy great Redeemer's praise,  
 For his almighty power repair,  
 Throughout eternal days.

## Solemn Call.

1 Hark hear the Angels of our God,  
 Their golden trumpets sound abroad  
 To call the sleeping to awake,  
 And eternal joys partake  
 O hear their music sound on high  
 Awake ye souls to God draw nigh,  
 For heavenly joys are brought to earth  
 And souls can find the second birth

2 Come turn your hearts to things <sup>above</sup>  
 Where all around is peace <sup>and</sup> love,  
 For sake a sinful carnal mind,  
 Eternal happiness to find.  
 Come come to Zion come and Live,  
 Come taste the joys the Lord does give  
 Ye come and sacrifice you all  
 Obey the last and Solemn call,

3 For God will not be mocked by man  
 Since all may know the final plan  
 Which will redeem the world from <sup>(Dross)</sup>  
 And this nature to the cross,  
 Therefore awake and hear the sound,  
 And be no more with sinners bound  
 For the solemn trumpet's roar,  
 And bid you come and sin no <sup>(more)</sup>

4

Throughout the earth the voice has <sup>(gone)</sup>  
 Yet many the word with <sup>(behold)</sup>  
 And cleaving to each vain desire,  
 Reject the purifying fire, <sup>(grieve)</sup>  
 Cease then these Angels pure to  
 Their messages of Love receive,  
 O hearken to the gospel sound,  
 And fix your home on your ground,

## Happy Change ✕

- How happy that immortal mind  
 1 Whose rests beneath Shova's wings  
 Who saw employment here can find  
 Without the help of earthly things
- 2 The world around may rage and fight  
 And lay in dust their highest thrones  
 But nothing can that soul affright  
 Who lives for God and him alone,
- 3 When such shall <sup>Lay</sup> ~~lay~~ their bodies by  
 And from their manual labours cease  
 They'll find a band of angels nigh,  
 To guard them safe to realms of peace
- 4 They'll wing their way to mansions fair  
 Where Christ their Lord in glory reigns,  
 Meet hosts of shining spirits there,  
 Beyond the reach of mortal pains

5 O may I know and prize my day,  
 My span of time how swift it rolls  
 I soon must quit this mortal clay,  
 And then explore the land of souls.

: The true Believer's Treasure.

- 1 Upon a sure foundation  
 My faith is firmly plac'd,  
 By time nor desolation,  
 It cannot be eras'd.

Let famous marble pillars,  
 All moulder into dust,  
 The true believers treasure  
 Is safe from ~~x~~ moth and rust,

2 With faith more firm and stable,  
 Than a stupendous mount,  
 No human skill is able,  
 Its value to recount,  
 The earth may reel and totter,  
 And mountains pass away,  
 The true believers treasure,  
 It never can decay,

3 The former earth and heavens  
 No longer can abide,  
 Behold the new is given,  
 Adorned like a bride,

This is our Father's pleasure,  
 Then fear not, little flock,  
 The true believer's treasure,  
 Is founded on a rock.

4 This is the new creation,  
 The Kingdom of the son,  
 Whose subjects in relation  
 Are firmly join'd in one,  
 The spirit without measure,  
 Our God does freely give,  
 The true believer's treasure,  
 Which causes souls to live.

3 Christ's marriage is performed;  
 The Bride is pure and clean,  
 The virgin guests adorned,  
 And purify'd from sin,

According to their measure,  
 In union with the Bride,  
 The true believer's treasure,  
 Forever will abide,

6 Christ comes in all his glory,  
 God's promise to fulfil;  
 His followers must be holy,  
 And do their Master's will,  
 Forsake all carnal pleasure,  
 And live upright and pure,  
 The true believers treasure,  
 Forever will endure.

7 The sacred hosts of heaven,  
 Are in one union join'd,  
 To whom all power is given,  
 The man of sin to bind,

His works we quit forever  
Christ's Kingdom to obtain  
The true believer's treasure,  
Is holy pure and clean,

- 8 The greatest bliss and pleasure,  
That feeds a carnal mind,  
Is quickly gone forever  
And leaves a sting behind  
Then I'll pursue with pleasure  
In union with the wise  
The true believer's treasure  
The pearl of greatest price.

Lofty path of self denial, where true

# Lowly Path.

A lowly path our Savior marked,  
 According to his Father's will  
 In meekness he did tread the way  
 God's promised judgments to fulfil  
 He in submission to the cross  
 Triumphed o'er the powers death  
 The world of sin he did destroy  
 Then yielded up his mortal breath  
 2 Our blessed Mother saw the way,  
 Which Christ her Lord did travel in  
 And patiently she walked the same  
 A victorious prize to win.  
 Her spirit fastened to the cross,  
 In joy in sorrow death and pain,  
 Her life in nature she resign'd,  
 A life in holiness to gain.

- 3 United now our parents <sup>reign</sup> stand,  
 In the heavenly courts above  
 With the eternal God they rest,  
 Upon the peaceful throne of Love,  
 The path of freedom now is plain  
 To those who're in obedience found,  
 The sting of death has been destroy'd  
 And souls with life immortal crown'd.
- 4 All souls who faithfully pursue  
 The steps which Christ & Mother trod,  
 Like them thro' sufferings daily learn,  
 Obedience to the will of God,  
 How cheerfully such spirits meet,  
 The parting seems with mortal life,  
 To join in the angelic throng,  
 Free from all pain and carnal strife.
- 5 Then let us keep the lowly path,  
 Which now appears so clear in sight,

Our souls from death & darkness free,  
 To live in realms of light) endless,  
 Let <sup>gratitude</sup> our souls inspire,  
 With joy the praise of god to sound,  
 That from the hands of sin & death,  
 Complete deliverance we have found,

### Eternal Diadem.

With great delight I view the band,  
 Of faithful souls around me stand,  
 Rejoice to see what Mother's done,  
 To join our scatter'd souls in one,  
 Her work will spread from shore to shore  
 And thousands get her name adore,  
 And

'Tis thine our inmost souls to see,  
 Unlock'd is every heart to thee,

To thee we cling on thee we rest,  
 And all are nourish'd from thy breast  
 Thine name will spread from shore to shore,  
 Till every heart it does explore.

3rd.

Like willows planted side by side  
 Where living waters gently glide,  
 Thy children grow in every grace,  
 And cheerful run the gospel race,  
 All heavenly graces to restore,  
 Thine work will spread from shore <sup>to</sup> shore.

4th

These gems so bright received from thee  
 Increase in life and brilliancy,  
 And on this earth no jewels are,  
 Whose beauty can with thine compare,  
 Thine work is now to cleanse the floor,  
 That dross with gold appear no more.

5th.

Thy jewels God at length will own,  
 Pronounce thy work to be well done,  
 At his right hand he placeth them,  
 As thy eternal diadem,  
 Thy children now must thee adore,  
 With Christ their Lord forevermore.

Improve each Moment.

Improve each moment as it flies,  
 Now in this blessed day,  
 To run that we may win the prize,  
 There's danger in delay.

. 2nd.

This day this hour, may be the last,  
 For death is sure to all,  
 And not a moment that past,

Can any soul recall:

3rd.

O Lord may every breath he draw  
 In prayer, in thanks or praise,  
 That I may say when time has gone,  
 I've well improved my days.

4th

I'll be contented in my lot,  
 And seek a place that's low;  
 If not one sparrow is forgot,  
 My God will mercy show.

5th

While walking in<sup>a</sup> lowly place,  
 I find the gifts of God,  
 The humble soul is blest with grace,  
 This path our Savior trod.

6th

Thenceforth I'll meekly bear the cross

And strive to be resigned,  
 That from the last remains of days  
 My soul may be refined,  
 7th

How did our Mother win the crown?  
 And how did she obtain  
 Permission to possess <sup>the</sup> throne,  
 With Christ the Lord to reign  
 8th.

By suffering, sorrow, grief and pains,  
 Tho' mix'd with love and joy,  
 Till from ~~the~~ her soul the last remains  
 Of sin she did destroy,  
 9th

Then let me taste the bitter cup,  
 Press forward for the mark,  
 And never turn aside nor stop  
 Till seated in the ark.

10th

The Lamb and Bride have gone before  
 And made the way so plain,  
 And set for us an open door,  
 That we with them may reign.

11th

The ways of sin cannot decoy,  
 Nor turn our souls aside,  
 Nor mar our inward peace & joy,  
 While we obey our guide,

12th

Then let our lions be girt with grace  
 Our lamps be burning too,  
 That we may clearly see the place,  
 Wherein our feet must go.

# Safe Hiding Place.

O hear me my Savior for tis unto thee,  
 In times of affliction for safety I flee,  
 O guide & protect me when tempests do roar  
 And hide me O Lord till the storm has pass'd <sup>over</sup>

## 2nd

When Satan appears with his flattering lies,  
 Then help me I pray to be watchful & wise,  
 Look down I beseech thee from heaven above,  
 And hide me O Lord by the wings of thy love.

## 3rd

O fill me with thankfulness Lord I do pray,  
 That I have been called to heavenly way,  
 Support me with strength in the soul trying <sup>hour</sup>  
 And hide me O Lord by the arm of thy power.

## 4th

With tears & repentance O may I be blessed,

That I may inherit the heavenly rest,  
 O let gospel meekness within me increase,  
 And hide me O Lord in the mansion of peace,

5th

And while I'm on earth may I make it my <sup>care,</sup>  
 To gain my salvation by watching & prayer,  
 And when I depart from this vain transient world,  
 O hide me at last with the lambs of thy fold,

### Exhortation.

Place not <sup>your</sup> hearts on things below  
 The time will surely come  
 When we must all be call'd to go  
 To our eternal home

2nd

Let us prepare to meet that day,  
 By truly serving God  
 Let love & meekness guide our way

While this is our abode

And

To things of time we cannot trust  
 They surely are but dropp  
 And tho' our bodies turn to dust  
 We'll glory in the cross

4th

The greatest good we can enjoy  
 Is unworldly love and piety  
 Let righteousness be our employ  
 And these will never cease

## Poem for Zion's Sake

For Zion's sake I will not keep,  
 My voice like one in silent sleep,  
 Until the Church with peace be blest,  
 I never more will be at rest.

Until her righteousness appear,  
 To every nation far and near,  
 And her salvation's work shall scorch,  
 The wicked like ~~and~~ a blazing torch.

2nd

Then shall the nations see and know,  
 The righteousness works that she shall do,  
 And all the kings on earth shall see,  
 Thy glory and acknowledge thee,  
 They shall no more despise thy state  
 Nor say thy land is desolate,  
 For my delight thy name shall be,  
 Because thou art forever free,

3rd

Jehovah's mouth has fixed thy name,  
 That he might thee in marriage claim,  
 For he delighteth much in thee  
 And thy God and husband he

He'll hold thee forth thro' all the Land  
~~The~~ crown of glory in his hand,  
 And in his grasp so near to him,  
 Thou art his royal diadem.

4th

I have set watchmen saith the Lord,  
 Upon her walls to keep my word.  
 And they shall never hold their peace  
 Outlead you on as you increase,  
 All ye who in Jehovah trust,  
 Hold not your peace give him no rest,  
 Until he make the Church to stand,  
 A lasting praise through ~~out~~ the Land.

5th

Pass thro' the gates prepare the way,  
 For all <sup>who</sup> will the truth obey,  
 Lift up your standard raise your spears,  
 And blow the trumpet for volunteers.

Turn out Turn out Eboah cries,  
 Your savior comes arise arise,  
 At Absterne your ~~father~~ <sup>sovereign</sup> holds,  
 Abounty free ~~for~~ <sup>for</sup> honest souls,

 Sought out and made forever free  
 A City for your long abode.  
 That's not forsaken of his God.
