

Office of
Lyman Brown

P. O. Box 1501

68 Murray Street

New York.

Jan. 23, 1909.

Mr. Timothy D. Rayson,
Mt. Lebanon, N. Y.

Dear Sir:

Enclosed please find bill of lading for the 17 cases returned. We have included in five of the cases 15,000 "Living Witnesses."

You say that you have between 800 and 900 dozen nearly ready to ship, and that you have perhaps 700 dozen extra bottles left. You may ship another batch just as soon as you can and prepare to make what you have left over. Within the next few weeks we will decide if you will order 500 gross more of the bottles, and in that event we will guarantee to take that much goods, so you will not be running any chance of having bottles left over.

Yours very truly,

Robt A. Brown

Return if not called for in 5 days to

ROBERT HALFORD,

MANUFACTURER OF

Norwood's Tincture,

MT. LEBANON, N. Y.

Robert A. Brown
68 Murray St.
New York City.

M. E. Evans
January 28th 1909

Robert A. Brown,
Esteemed Friend.

Receiving in your letter of
23rd inst. some uncertainty as to
the continuation of manufacturing
the "Stern Parks" - and that we
might be more fully informed
as to what profit our Society derives
from its manufacture, we have
carefully gone over the Expense

incurred ^{and} find the margin
of profit to us unwarranting its
continuance. The necessity
of hiring so much of the work,
very materially increases its cost
to us.

We trust this decision
will not affect your interests
adversely, as we are not unmindful
of the pleasant relations which have
for so many years existed with
your firm.

Upon shipment of the batch
now in hand, we will send
you an inventory of such stock
as we have remaining and arrange
for its disposal.

With the assurance of our best
wishes we are very respectfully
