I am writing in regard to
the three Shaker rockers to be repaired,
which my daughter left with you
yesterday.

The one which is dark red now, I
would like done in the narrow green,
(or two shades of green if you have a
darker shade to go with this.)

I think this rocker has me worried that
it is starting to break and will need a

near me.

The oldest looking rocker I would like done in the red and dark blue narrow stripes. I think you will be interested to know that this rocker belonged to my grandmother who died over 50 years ago.

I do not know whether you will be able to repair the rocker that is done in bright red or not but I hope you can.

Very truly yours
(Mrs. F. H.) Anna H. Lee

I am returning all the samples as you may want them.

Dear Sir,

Will you kindly let me know if I can send you by express - a broken low rocker to be re-upholstered and haired.

I am very anxious to have it done as soon as possible -

The Wagon Co. did it for me, that is, re-haired it, fourteen years ago & it has been in constant use.

Do the express address the same as it was then -?

I would like very much to hear

from you soon -

me they thought there is still

Dear Sirs:-

The Shaker stool for which I left an order has reached me in good condition and I am very much pleased with it. I could find no bill, however, and am therefore sending you a check for the price quoted when I placed my order. I did not want to wait longer to settle my account, for College closes on December 18th for the Christmas vacation, and I like to get bills paid promptly. I trust that the amount is correct.

Dear Sir:

I have an old Shaker arm chair bought from you people some years ago. It has a woven seat and back which are in a sad state. Do you carry the tape with which I may have new seats woven? If so, how much per yard is it, and if you don't carry it, can you tell me where I can purchase it? I am enclosing a sample of the old.
